NOTES:

1. For most programs, feel free to share costs by “going in” with neighboring agencies on packages of days or single day costs. We encourage cost sharing.
2. Training days do not necessarily have to be consecutive (although some “connectedness” would be nice).
3. Please let us know if actual costs of travel are required for invoicing; we will do so and adjust accordingly: Costs are based on \$2000/day plus travel expenses.
4. Please keep in mind our computer based training, video programs, and written training materials for even lower costs.
5. Using Randy Means for one day and a second instructor for a consecutive day will be the fee for two consecutive days plus \$500 for the second instructor’s travel costs. Please note that the use of a second instructor within a day of training doubles the above costs.
6. Co-Host Options are available to reduce your costs. Please call to discuss.
